

Follow these 5 easy steps to set up and use your portable power station

1

### Top up before use

- Your unit comes pre-charged to almost 100% capacity.
- To top up, plug into a standard wall outlet using the included AC cable.
- Allow ~1 hour for a full charge.

2

### Power On

- Press and hold the Main Power button for 1 second to turn on.
- AC timeout is 12 hrs — fridges may stay off longer in cold weather, causing unit to shut-off. Adjust in app: gear icon → More Settings → Auto Timeout.

3

### Connect Your Devices

- Press the AC button for AC appliances up to 600W.
- Press the DC button to turn on USB ports for DC devices.
- Use the car socket for 12V connectors.

4

### Monitor Power Usage

- Screen displays battery %, time left, and wattage input/output
- Smartphone app also displays this info

5

### Power Off When Done

- Hold the power button to turn off
- Recharge when you can

### Safety Tips

Keep dry. Shield from direct sunlight. Allow ventilation. Store indoors.
